### Church meeting this week (agendas now available)

This week on June 29 will be our termly church meeting. It will again be a shared supper, starting at 6:30pm, with the meeting itself beginning at 8:00pm. Come to both or just one if that is all that you are able to manage. Everyone is encouraged to attend, not just church members.

### Messages from Paul

Churches together – today, Sunday June 25, is our next joint celebration at Caterham Christian Centre, 7pm. We're having a more open style meeting, so whilst Harold Cottingham will lead it, the pulpit is quite open. This will be the last gathering before the Summer break, re-commencing in September.

On Saturday July 15, Betty Grover is hosting a Musical Evening in aid of the appeal for the electrical re-wiring. The provisional time for this is 7:30pm – more details to follow.

At our Sunday morning service on July 9, David and Angel will be getting baptised.

### Message from Ron H, the church secretary

I am about to run off copies of the Family & Friends contacts/prayer diary. Please phone me on 626332 urgently if you have changed your phone number in the last 12 months without having also moved house, unless you already know that I have the new details. The new list will be available for those who want a copy at the Church Meeting on Thursday.

### Happy birthday Jenny! (message from Joan H-D)

Yes, its official, Jenny has applied for her bus pass! She reached the great age yesterday and we wish her every happiness and an increasing measure of God's grace and power. Please join us in a little celebration after the service, to assure Jenny of our love. Thanks, Joan

PS: Don't forget to give to the Lord. Our re-wiring fund is still on-going. It stands at £3 350 I think.

## Leprosy Mission News – South East Area Project 2006 (from Jacqui C.)

£ 3,200 extra funds are needed for non-leprosy drugs – for around 600 patients at The Leprosy Mission (TLM)'s Poldapur Hospital in Maharashtra state, India. It is a small rural hospital founded in 1893, with 28 staff, headed by Dr. Mrs. Malarvizhi Edwin. The hospital provides vital in and out patient care and support for leprosy and other general medical conditions. The surgical team performs procedures including reconstructive surgery and cataract operations. Training in awareness and prevention of disability is offered to patients and their families, along with community-based rehabilitation, educational grants and low cost housing.

The funds raised will be used to purchase 100 different types of medicines to enable the hospital to provide comprehensive community medical care. Multidrug therapy (MDT) cures patients of leprosy, but the hospital also needs a battery of other non-leprosy drugs to treat associated problems like ulcers, leprosy reaction and drugs allergies, and for reconstructive surgery. Patients may also have other medical problems, for example, diabetes and hypertension. A number of out patients require steroids for reaction and neuritis. The team also treats a range of skin diseases and respiratory disorders. Many of the patients are very poor and cannot pay for their medication.

If this project exceeds its target, any extra funds will be put towards the general work for people affected by leprosy. Thank you to all who currently collect for The Leprosy Mission. If anyone would like to make a one-off contribution to this project, please see Jacqui C.

### Church Website information

The church has a new home on the world wide web, and it is in the process of being fleshed out. If you can take a look and make suggestions to the church council for approval, I would be most appreciative.
